

First Issue!

CMO Update

A Publication for TBHC Physicians

Vol. 1 - December 2013

Dear Physician,

Welcome to the first issue of CMO Update, a brief monthly report on new services and opportunities for physicians at The Brooklyn Hospital Center. Our goal is to keep you well informed of hospital accomplishments, especially those that make it easier for you to practice medicine at TBHC as effectively as possible.

As the year winds down and the holidays approach, we look back on all of our progress in 2013. Here is just a brief list.

- **Renewed Commitment to Physician Communication**—Our Director of Physician Relations Caryna Riveron (718.250.8536) put together an excellent team dedicated to supporting our new and current credentialed physicians.
- **Physician Concierge Service**—A dedicated Physician Concierge makes it much easier to refer patients and follow their progress while at the hospital.
- **Bikur Cholim Room for the Loved Ones of Our Observant Jewish Patients**—We’ve also hired a dedicated Patient Liaison to meet the needs of our Jewish patients.
- **Facilities and Infrastructure Improvements**—A new Emergency Room waiting area, PET-CT service and many more planned acquisitions and upgrades in Radiology.
- **Quality Improvements**—TBHC was recently named a *Top Performer on Key Quality Measures* by the Joint Commission, one of only 4 hospitals in Brooklyn to receive this recognition. TBHC was recognized for exceptional care for heart attack, heart failure, pneumonia and surgical care patients.
- **New Faces**—We added many new physicians this year. Please see a full list on next page.

There will be much to report in 2014 as well including new outpatient facilities, a new captive insurance program to meet our providers’ medical malpractice coverage needs, and of course many new physician partnerships.

I am grateful to have you as part of our hospital team and look forward to sharing more information with you and collaborating with you in the future. Please do not hesitate to contact me directly and let me know how The Brooklyn Hospital Center can meet your needs.

Sincerely,

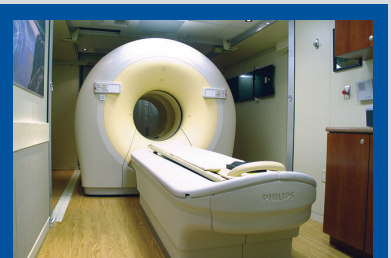

Gary Stephens, MD
Chief Medical Officer
