

CMO Update

A Publication for TBHC Physicians

Vol. 6 - June 2015

Announcements

Dr. Harry Dym, Chair, Dentistry and Oral & Maxillofacial Surgery Department has published a new book "Implant Procedures for the General Dentist, An Issue of Dental Clinics of North America." It, along with his other books, is available on Amazon.

The IT department is working on getting the Electronic Medical Record updated with patient's clinical information by establishing interfaces between TBHC's ancillary systems to TBHC's EMR (SCM). This will provide referring physicians the ability to view all of their patient clinical documentation from TBHC's EMR (SCM). Some of these results to be incorporated into the patients record are: EKG's, Stress tests, Cardiac Cath Reports, Sleep Studies, PFT's, Endoscopy/Colonoscopy, Bariatric Studies, EEG's, Vascular Studies and many more. This will enhance the ability to provide better patient care.

Also, a new e-mail system will be coming soon to TBHC! We will be going live late summer. An example of the new e-mail address will be gstephens@tbh.org. Stay tuned for more details.

Events

On Wednesday, May 6th The Brooklyn Hospital Center's Department of Radiology held an informative event in regards to advances in Radiation Oncology and Imaging at TBHC. Showcased were exciting enhancement to services, including the state-of-the-art Varian TrueBeam Linear Accelerator and the expanded PET-CT Service.

Join us Thursday, June 18, 2015 at 5pm - 7pm in the Cafeteria for TBHC's Physician Open House to showcase your department's programs and services, new technologies and professional expertise. All of our professional staff, credentialed practitioners and community physicians are invited to participate. Please RSVP to Rebecca Logan, Director, Physician Relations & Network Initiatives at 718.250.6177 or rml9004@nyp.org no later than Monday, June 15.

Please Welcome TBHC's **NEW** Practitioners

Anesthesiology
Mario Inglese, CRNA
